*Not recognized as an essential nutrition by the AAFCO Dog Food Nutrient Profiles.

Calorie Content (Calculated): Metabolizable Energy (ME) – 3,520 Kcal/kg (387 Kcal/cup)

FEEDING DIRECTIONS

Lone Star® Hi Pro Plus® is formulated to meet the nutritional needs of normally active adult dogs. Food requirements will vary depending on your dog's age, activity, and condition. Monitor your dog's weight. If you notice an overweight or underweight condition, vary the amount of Hi Pro Plus accordingly. Your dog will still be getting all the nutrition he or she needs.

<u>Weight</u>	<u>Daily Amount*</u>
Up to 12 lb	½ - 1 ¼ cups
13-25 lb	1 ¼ - 2 cups
26-50 lb	2 - 3 ½ cups
51-100 lb	3 ½ - 5 cups
100+ lb	5 cups + ¼ cup for every 10 lb of body weight over 100 lb

*Amounts are based on 8 oz measuring cup

Changes to your dog's feeding habits should be made gradually. Remember to provide plenty of fresh water in a clean container at all times. Regular veterinarian visits are recommended to ensure your dog's good health. Pet food should be stored in well-ventilated, dry area protected from rodents and insects. Pet food is perishable. Do not feed moldy or insect-infested food as it may cause death.
